- Prof Mamadou Sango (University of Pretoria, RSA)
- Prof Mihail Zervos (London School of Economics, UK)

Topics: All topics within the general field of Mathematical Sciences and represented among the professional interests of the membership of SAMSA are acceptable. In addition, the following special sessions will be organized

Mathematical Biology.

Session organizer: Prof Jacek Banasiak (jacek.banasiak@up.ac.za)

Mathematics in Finance.

Session organizer: Dr Rodwell Kufakunesu (rodwell.kufakunesu@up.ac.za)

Tertiary Mathematics Education.

Session Organiser: Prof Ansie Harding (anise.harding@up.ac.za)

Participants who would like to be part of a special session, please send an e-mail to the session organizer as soon as you submit your abstract.

Registration Fee: The registration fee is US\$250 (or R3450 for South African participants) or US\$130 (or R1950 for South African participants) for students.

Financial support: The Organising Committee has limited funds for support of young scientists (final year PhD students and researchers with PhD not older than 5 years) from the SADC region. Maximum of 10 participants can be supported. Please complete the form available on the website and submit it together with a CV as soon as possible after abstract submission. The decision on financial support will be available by 10 October. The funding may cover only registration fee or local expenses or both.
