SASA HONOURS PROJECT COMPETITION, SPONSORED BY SAS®

We at the South African Statistical Association's (SASA) Education Committee invite you to submit the **statistics projects of your top three (3) honours students** from 2017 for the 2017/2018 SASA Honours Project Competition, sponsored by SAS®.

There will be three cash prizes for first to third place nationally. Group work is allowed, and in the case of group work, the prize money will be shared. Please indicate group entries clearly by entering all the group members' information. The national prize winner will also be sponsored to attend the annual SASA Conference to be held in Johannesburg (in the case of group work, a representative will be sponsored). The sponsorship includes costs of national transport, accommodation and conference fees. The winner must be prepared to present his/her project at the conference. There is also a prize for the best use of SAS in an honours project (to be awarded to the project that utilises the software best and places in the top three).

Closing date for entries is **30 March 2018**.

Please note that each University may enter at most 3 honours projects. To enter:

- 1) Complete the following form and e-mail it to plutokaijuu@gmail.com.
- 2) **Remove any reference to the student's, the supervisor's or the University's name from each project** and e-mail an electronic version of each project (with names removed) to plutokaijuu@gmail.com, by 30 March 2018.

Depending on the number of entries, five judges will probably be selected to rank the projects. The ranked results will be analysed and the winners announced before the SASA conference. Winners must be prepared to present their project at the conference and to be photographed. If you have any questions please do not hesitate to contact me.

I am looking forward to receiving your University's projects!
